Unit 6 Overview

Part 1

Activity A. Student Pre-Test— Sexual Harassment in the Workplace
Students complete a Pre-Test as a measure of what they already know about sexual harassment in the workplace before the lesson is taught.

Activity B. Going Too Far: What Is Sexual Harassment
Students investigate the differences between flirting and sexual harassment. Students try to develop a definition for sexual harassment, then compare their definition to the legal definition of sexual harassment.

Part 2

Activity C. Sexual Harassment Law—Then & Now (optional)
This activity is particularly relevant to students studying business law. Students look at help wanted ads from a 1964 Washington newspaper and compare them to today’s want ads. Students also examine a timeline of sex discrimination and sexual harassment laws and major court cases.

Activity D. Evaluating Workplace Sexual Harassment
Students evaluate different workplace scenarios, trying to determine if sexual harassment has occurred.

Activity E. Stopping Sexual Harassment
Students learn about the possible steps to take if one is being sexually harassed, and provide advice to someone else who is experiencing sexual harassment at work. Three activity options are available, each emphasizing a different skill (writing, speaking, or drawing).

Activity F. Student Post-Test— Sexual Harassment in the Workplace
Students complete a post-test as a measure of what they have learned as a result of presenting unit 6.

Part 1: Introduction to Sexual Harassment in the Workplace

Learning Objectives
By the end of this lesson students will be able to:
• To increase knowledge pertaining to sexual harassment in the workplace, including legal and personal consequences.
• To understand what workplace sexual harassment is and what it is not.
• To identify and differentiate between the two types of workplace sexual harassment: “quid pro quo” and “hostile work environment.”
• To understand steps employees can take in response to sexual harassment at work.

Preparing to Teach This Lesson
Before you present this lesson:
1. Make copies of handouts for each student.
2. Obtain flipchart paper and markers for each group of students.

Special Note to Teachers
Due to the sensitive nature of the topic of sexual harassment, you may need to seek permission from your principal or school district before presenting these activities to your students.

The topic of sexual harassment can sometimes be both sensitive and controversial. Discussion of sexual harassment topics may make both you as the teacher as well as your students uncomfortable, so it is important to present the topic with sensitivity. Some students may feel nervous or embarrassed by the topic. Students may tell jokes, become disruptive, or make light of the topic because they are uncomfortable. For this reason, in your role as the teacher it is important that neither you nor your students make jokes or make light of the subject of sexual harassment.

Bringing up the subject of sexual harassment may cause students to approach you with concerns about sexual harassment or more serious issues in their own lives.
If this does occur, it is important that you know what resources are available in your district, and who to refer the student to for further support. It is important that students feel it is safe to share these concerns with you, even if you don’t feel comfortable with this topic.

This lesson introduces workplace sexual harassment in context of young workers’ health and safety on the job. The activities focus on understanding workplace sexual harassment and the law, evaluating workplace situations, and identifying how to respond to sexual harassment at work.

The topic of sexual harassment in the workplace is often included in orientation programs for new employees at many large companies. However, young workers may not receive this training because they enter the job on a part-time basis, or as part of an internship or work-based learning experience. Many teenagers find their first jobs with small businesses that most likely do not have a formalized sexual harassment policy or training programs.

As teenagers enter the workforce, they are vulnerable to becoming targets of sexual harassment for many reasons. Young workers are at a power and age disadvantage in comparison to their older supervisors or other co-workers. Young workers often are not familiar with sexual harassment laws and do not know their rights. And often, young workers are either afraid to speak out about a problem at work, or do not possess the skills to do so. It is important to recognize that any worker, regardless of job title, age, sexual orientation or gender, may become involved in sexual harassment, either as the harasser or as the target of harassment.

**Detailed Instructor’s Notes**

**Activity A.**

**Sexual Harassment in the Workplace Pre-Test**

Procedure:
1. Distribute copies of handout A, *Sexual Harassment in the Workplace Pre-Test*, prior to introducing any of the material.
2. Collect the pre-test after its completion. Keep on file until the post-test is completed.
3. Answers to the pre- and post-tests can be found on Handout B *Sexual Harassment Pre- and Post-Test Answer Key*.
4. Collect the pre-test and keep it on file with the post-test.

**Activity B.**

**Going Too Far: What is Sexual Harassment?**

In this activity, students investigate the differences between flirting and sexual harassment. Students try to develop a definition for sexual harassment,
and then compare their definition to the legal definition of sexual harassment. They also investigate the three different ways that sexual harassment may occur and learn to recognize the differences between quid pro quo and hostile work environment sexual harassment.

**Flirting vs. Harassing**

1. Break the class into four groups and give each group a piece of flipchart paper and a pen. Assign one of the following topics below to each of the four groups. Have them put that as the heading on their chart paper.
   - Examples of flirting behaviors
   - Examples of sexually harassing behaviors
   - What flirting feels like
   - What sexual harassment feels like

2. Have each group come up with examples for of their topic and list them on their piece of flipchart paper.

3. After five minutes, or when the students have stopped writing, reconvene the class. Ask one person in each group to share their list with the class.

Defining Sexual Harassment
1. As a class or in small groups, use the lists the students created to develop a definition of “sexual harassment.” The students may have some difficulty developing a definition that they agree upon. Point out that sexual harassment is full of subtleties and gray areas, which can make it difficult to clearly define and identify. Show students slide 1. The following questions may be helpful in developing a definition:
   - What makes flirting different from sexual harassment?
   - Is it easy or difficult to tell the difference?
   - How can you tell when the line has been crossed between a flirting behavior and a harassing behavior?
   - Are the feelings of the person experiencing the harassment important?
2. Once the class has developed their definition for sexual harassment, write it down on the board or a piece of flipchart paper.

Use the following questions to develop a definition for sexual harassment:

1. What makes flirting different from sexual harassment?
2. Is it easy or difficult to tell the difference?
3. How can you tell when the line has been crossed between a flirting behavior and a harassing behavior?
4. Are the feelings of the person experiencing the harassment important?

3. Next, share the legal definition of workplace sexual harassment using slides 2 and 3 Sexual Harassment Definition. You may also want to give them a copy of handout C Sexual Harassment Definition. The longer definition is from the Equal Employment Opportunity Commission, the federal agency responsible for overseeing sexual harassment and sex discrimination laws. The shorter definition provides a summarized definition that
Sexual Harassment Definition:

Official EEOC* definition

“Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when submission to or rejection of this conduct explicitly or implicitly affects:

• An individual’s employment,
• Unreasonably interferes with an individual’s work performance,
• Or creates an intimidating, hostile, or offensive work environment.”

*The Equal Employment Opportunity Commission (EEOC) is the federal agency responsible for overseeing workplace sexual harassment regulations and compliances with the law.
4. Ask the students to consider how the official definition differs from their own definition. Did their definition include some variations of the three required criteria for harassment in the EEOC definition? Sexual harassment is often judged using the criteria that the behavior must be:

- unwanted,
- unwelcome, and
- repeated (unless severe).

5. Did the students’ definition include physical, verbal and visual forms of harassment? Do the students feel like the legal definition is complete? What would they add to it?

**Physical, Verbal and Visual Sexual Harassment**

1. Show slide 4. Refer back to the definition of sexual harassment. The definition specifies sexual advances, requests for sexual favors, and other conduct of a sexual nature. Each of these methods of harassment can be carried out through **physical, verbal and visual behaviors**.

2. As a class, ask students to come up with some examples of physical, verbal and visual harassment. Write the student responses on the board or chart paper. *Alternative option:* You may want to ask students to write their responses on a slip of paper and turn them into you. This allows you to screen the responses and “translate” them before writing them on the
board. Only you know the culture of your classroom and if students will be able to handle this activity appropriately.

3. Some of the examples may clearly seem like harassment to some students, while to others they may seem like flirting. Refer to the lists the students made in the earlier activity and the definition of sexual harassment. Sexual harassment is in the eye of the beholder, so if the target feels harassed, then the behavior may be classified as harassment.

**Two Types of Sexual Harassment**

1. Show slide 5. Explain that while sexual harassment may be carried out through physical, verbal or visual behaviors, the outcomes of these behaviors fit within two categories. The Equal Employment Opportunity Commission recognizes two types of workplace sexual harassment: **quid pro quo** and **hostile work environment**. Physical, verbal and visual harassment can be a part of both quid pro quo and hostile work environment harassment. You may also want to hand out copies of handout E, *Types of Sexual Harassment*, that also covers this information.
2. Pass out copies of handout D, *What is Sexual Harassment?* Ask students to read the handout and review it with them.

3. Show slide 6. Point out that “Quid Pro Quo” means “This for That.” This usually involves a supervisor or person in authority who uses threats or promises of rewards in exchange for sexual favors. You may want to hand out copies of Handout E *Types of Sexual Harassment* to review this with your students.
4. Show slide 7 to provide examples of threats that could be used in exchange for sexual favors.
5. Show slide 8 to provide examples of rewards that could be used in exchange for sexual favors

![Quid Pro Quo Diagram]

**Examples of rewards**
- Getting hired
- Getting a promotion
- Getting a raise or other special treatment
- Getting a preferred work schedule
- Being included as part of a group
- Getting a better grade or review on an evaluation

**Hostile Work Environment**
1. Show slide 9. A hostile work environment can be caused by repeated actions, comments, or objects that create an intimidating, hostile, or offensive work environment. The behavior does not have to be repeated to be considered sexual harassment if it is a severe incident, such as sexual assault.
2. Show slide 10. Discuss the different examples of conditions that can cause a hostile work environment.

**Hostile Work Environment**

Examples:
- Regular use of sexually offensive language
- Sexual jokes
- Sexual gestures
- Sexual pictures or graphic calendars
- Lewd notes
- Sexual graffiti
- Screen saver with nude or scantily clad bodies
- E-mails with sexual jokes, pictures or comments
- One incident of sexual assault
3. Read aloud the two scenarios from slides 11 and 12 Work Environment Scenarios A and B. Ask the students which scenario is an example of quid pro quo and which scenario is an example of hostile work environment.

**Harassment Scenario A**

Jillian works in a garage as a mechanic apprentice. She has wanted to work on engines for as long as she can remember. In the shop, there are many nude centerfolds and calendars with pictures of scantily clad women. In the only restroom, the walls are covered with sexually explicit graffiti. Her male co-workers rarely use her first name, but refer to her by “sugar” or “honey.” No one touches her in any way. She is embarrassed, but does not say anything to her co-workers because she really wants to fit in with the guys in the shop. Lately though, Jillian dreads going to work. She worries that if she continues with this career, she will always have to put up with this kind of work environment.

**Harassment Scenario B**

Ann Marie got a summer job waiting tables at a restaurant during the lunch shift. One day, while Anne Marie is on her break at a table in the back of the restaurant, her manager Mike sits down with her. Mike asks her to go out with him that night. When she says she already has plans, Mike says, “You know, I could find a spot for you on the dinner shift. You could get much bigger tips.” Anne Marie has been hoping for a spot on the dinner shift since she first got hired, but she does not want to get involved with her boss. She is upset and turns him down.
4. Have students identify what actions or behaviors from the scenarios qualify it as either hostile work environment or quid pro quo. Show slides 13 and 14 for suggested answers.

**Harassment Scenario A: Answer Key**

Scenario A

Q What type of sexual harassment is this?
A Hostile work environment

Q What actions or behaviors qualify this as this type of harassment?
A Pictures of nude women on the walls.
Sexually offensive graffiti is on the walls.
Co-workers refer to her with pet names like “sugar” and “honey.”

**Harassment Scenario B: Answer Key**

Scenario B

Q What type of sexual harassment is this?
A Hostile work environment

Q What actions or behaviors qualify this as this type of harassment?
A Her manager suggests that she would get better tips if she wore a shorter skirt. Her manager suggests that she would get a better work schedule if she accepts his proposition.
Short Answer

1. There are **three** conditions that cause a behavior or action to be considered as sexual harassment. Circle the three conditions that cause a behavior or action to be considered sexual harassment. The behavior or action must be:
   a. Embarrassing
   b. Occasional
   c. Unwelcome
   d. Unpleasant
   e. Witnessed by someone else
   f. Repeated/persistent
   g. Amusing to someone
   h. Unwanted

2. Sexual harassment can be carried out through physical, visual or verbal behaviors. For each behavior listed, identify the type of harassment.

Equal Employment Opportunity Commission (EEOC)

Federal agency responsible for overseeing workplace sexual harassment regulations and compliance with laws.

Sexual Harassment (legal definition)

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when submission to or rejection of this conduct explicitly or implicitly affects:

- An individual's employment
- Unreasonably interferes with an individual's work performance
- Creates an intimidating, hostile or offensive work environment

EEOC Facts About Sexual Harassment

In other words...

Any unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.
What Is Sexual Harassment?

Sexual harassment is

visual, verbal, or physical conduct of a sexual nature that is unwanted, unwelcome, and repeated.

- A single incident can also be considered to be sexual harassment if it is severe (e.g., sexual assault).
- Harassers may be co-workers, supervisors or even people from outside the company, such as clients or customers.
- While most sexual harassment occurs when men harass women, sexual harassment can happen between anyone, including people of the same gender. While a single incident should be reported, it will not be considered sexual harassment unless the harassment is ongoing, or unless the single act was a severe incident, such as sexual assault.
How do you know if you are being harassed?

If something of a sexual nature at work is making you feel upset, embarrassed, or uncomfortable, you may be experiencing sexual harassment.

Sexual harassment is defined by its impact, not its intent.

So, it does not matter what the harasser meant by a comment, what matters is how it makes you feel.

People often react to sexual harassment in similar ways. You may experience any of the following emotional and physical signs, or may feel something entirely different.

- A sense of dread
- Anxiety
- Fear or anger
- Inability to concentrate
- Loss of interest in work or school
- Stomach ache or headaches
- Humiliation or embarrassment
- Depression or hopelessness
- Dread going to work
- Loss of interest in family or friends
There are two types of sexual harassment as defined by the government and the courts.

One type is called **Quid Pro Quo** which means **This** for **That**.

This usually involves a supervisor, employer or co-worker who uses threats or promises of rewards in exchange for sexual favors.
